

REQUEST FOR PROPOSAL
PARK HERBICIDE APPLICATION
FOR
EASTVALE AREA

GENERAL PROVISIONS

GENERAL

Jurupa Community Services District (JCSD) is seeking a prevailing wage proposal for herbicidal applications in fourteen (14) parks in the Eastvale area. Three (3) copies of the proposal shall be received prior to 4:00 p.m. on Thursday, February 24, 2017. One copy of the proposal shall be addressed to the attention Rafael P. Gonzalez, Parks Manager.

The fourteen (14) parks are delineated in the attached map and comprises of approximately 212 acres. Additional park space added during the duration of contract period, will need to be shown as additional acreage and a price per acre should be outlined in the proposal.

The price quoted in the proposal shall be considered by JCSD to be the contract amount and shall be used as the basis for contract formation. Generally, each JCSD project cost is fixed by the budget and/or previously-authorized amount.

PROPOSAL CRITERIA

The proposal must be authored by the solution provider. Fee proposal shall be developed with at least the following sections tabbed for easy reference.

- Understanding of the Project Proposed by JCSD
- Detailed Scope of Work
- Project Team
- Person-Hours and Fee Estimate
- Project Schedule

In-depth proposal development is described in detail as follows:

Understanding of the Project Proposed by JCSD: The proposal shall contain a detailed explanation of the project as viewed by the proposal author. The information offered should be a detailed summary of the author's knowledge of the area, the author's understanding of the technical needs, and of the political climate. The author should express knowledge of the people in the area most impacted by the project. If recommendations are in order to provide guidance to JCSD staff, the recommendations should be offered within this section.

Detailed Scope of Work: The proposal shall contain enough detail to demonstrate that a game plan has been developed to accomplish the work. The Detailed Scope of Work should be developed after the fee and schedule has been established in order to compliment elements of the fee and schedule with additional information. Price for service is for all parks and will be invoiced monthly.

PARK HERBICIDE APPLICATION
FOR
EASTVALE AREA
TECHNICAL PROVISION

Scope of Work

WEED CONTROL:

The Contractor shall maintain all parkland in a weed free-condition.

A regular program of chemical application shall be used to control weed growth.

Chemical control of broadleaf weeds shall be employed as often as necessary to maintain turf areas in a "weed free" condition. A regular program of pre-emergent chemical application shall be used to control weed growth

A broad spectrum pre-emergent weed control (such as Surflan) and a broad spectrum post-emergent (such as Roundup) shall be applied four (4) times a year, and as needed.

Chemicals shall only be applied under the supervision of persons possessing a valid California Pest Control Operator's license in the appropriate category. Application shall be in accordance with all governing regulations. Records of all written recommendations and operations stating dates, times, methods of application, approved 'Notice of Intent' to apply restricted/non-restricted materials, applicator's names and weather conditions at the time of application shall be made and retained in an active file for a minimum of one (1) year. The owner shall have access to those files as required. After this period they shall be retained in accordance with Riverside County Department of Agriculture Regulations.

Contractor shall calibrate all chemical application equipment prior to each use to ensure chemicals are applied at the rate specified in the written recommendation.

All pressurized spray equipment, when in use, shall be kept in a state of good repair, safe to operate and shall be equipped with appropriate pressure regulators, pressure gauges and pressure relief valves. All spray nozzles shall be free of any foreign particles to allow proper control of rate, uniformity, thoroughness and safety of application.

All chemical spraying operations shall be performed under acceptable climatic conditions to be determined by the Owner and in such a manner to limit drift to six (6) inches. All

precautionary measures necessary shall be employed to ensure public safety since all areas will be open to public access during application.

All damage resulting from the Contractor's operations shall be repaired or replaced at Contractor's expense.

Avoiding Damage to Personal Property

The Contractor shall take appropriate precautions to avoid damage to buildings, vehicles and other properties, as well as people

Maintenance of Traffic

Vehicular access through the community will be maintained at all times and no roadways shall be completely closed to traffic at any time. Any permitting, costs or other coordination required for maintenance of traffic within public roadways is the sole responsibility of the Contractor. Traffic control will need to comply with appropriate W.A.T.C.H. and California MUTCD standards per the City of Eastvale.

Detailed Requirements

The consultant will be required to prepare the following documents as may be required:

- Must meet prevailing wage requirements.
- California Landscape (C-27) Contractors License
- Current copy of Liability Insurance
- Current proof of workers compensation

This Project is subject to compliance monitoring and enforcement by the Department of Industrial Relations. Pursuant to Labor Code sections 1725.5 and 1771.1, all contractors and subcontractors that wish to bid on, be listed in a bid proposal, or enter into a contract to perform public work must be registered with the Department of Industrial Relations. If awarded a Contract, the Bidder and its subcontractors of every tier shall maintain active registration with the Department of Industrial Relations for the duration of the Project. It shall be the Bidder's sole responsibility to evaluate and include the cost of complying with all labor compliance requirements.

This is a prevailing wage project.

The consultant shall provide all labor, materials, tools, equipment and supervision necessary to complete the project.

Contract Term

Contract will be for a 3-year time period.

Payment

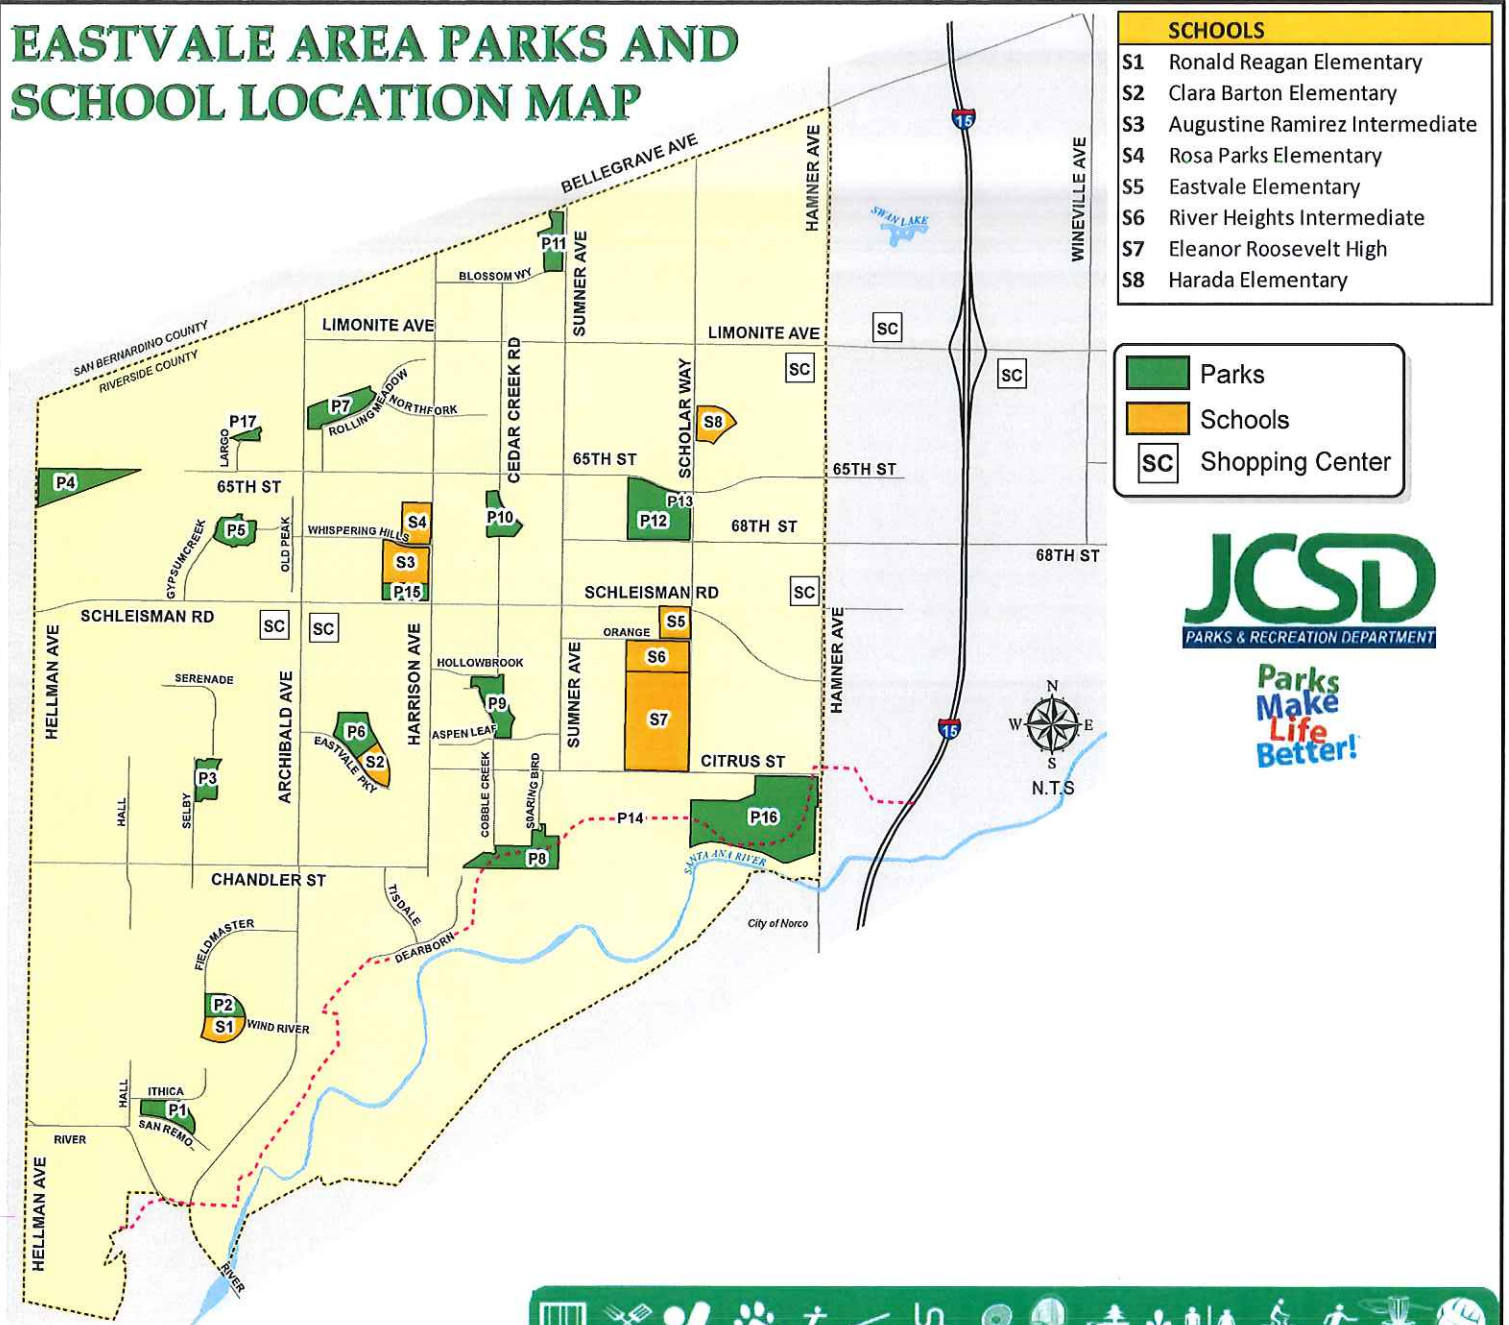

The invoice must be submitted monthly.

Point of Contact

All inquiries regarding this RFP should be directed to Rafael P. Gonzalez, Parks Manager. The final copies of the proposal for this project shall be sent to:
