2023 Annual Water Quality Report Released by Jurupa Community Services District

JCSD once again meets or exceeds all state and federal water quality standards.

Jurupa Valley, CA (June 28, 2024) – Jurupa Community Services District (JCSD) proudly announces the release of its 2023 Annual Water Quality Report, illustrating its steadfast commitment to delivering excellent water quality. The report, also known as the Consumer Confidence Report, emphasizes JCSD's ongoing mission to ensure transparency and uphold the highest water service standards for its customers.

In the 2023 report, JCSD once again meets or exceeds all criteria set by the State Water Resources Control Board and the United States Environmental Protection Agency. JCSD tests drinking water quality through an independent laboratory for the constituents required by state and federal regulations. This report shows the results of our monitoring for the period of January 1, 2023 – December 31, 2023. Throughout the year, JCSD conducted over 36,000 water quality tests, ensuring that the water delivered to homes and businesses remains safe and clean.

"Each year, this report embodies our unwavering dedication to providing our community with dependable and quality water," said Chris Berch, General Manager of JCSD. "Our continuous compliance with state and federal standards is a testament to our team's hard work and diligence."

JCSD customers have been mailed a copy of the report and are encouraged to read it to better understand the measures and planning JCSD takes to maintain water quality. The report also provides information about ongoing and upcoming water projects and conservation efforts in Jurupa Valley and Eastvale.

The 2023 Annual Water Quality Report is available online at www.JCSD.us/WaterQuality. This digital version includes detailed information about water sources, the rigorous processes involved in treating them, and the results of our regular testing. A Spanish version of the report is also available.

Founded in 1956, the Jurupa Community Services District is a public agency providing services and programs to Jurupa Valley and Eastvale. It is governed by a Board of Directors comprised of five elected representatives from both cities. Serving over 130,000 people in a 40-square-mile area, JCSD provides a variety of community services and programs, including water, sewer, streetlights, frontage landscape maintenance, graffiti abatement, and parks and recreation services.
