Jurupa Community Services District's Annual Report Reinforces Commitment to Safe Drinking Water

Jurupa Valley, CA (June 30, 2025)—Jurupa Community Services District (JCSD) has released its 2024 Annual Water Quality Report, also known as the Consumer Confidence Report (CCR). The report highlights JCSD's continued commitment to transparency, safety, and water quality excellence for the residents of Jurupa Valley and Eastvale.

In 2024, JCSD once again met or exceeded all drinking water standards set by the State Water Resources Control Board and the U.S. Environmental Protection Agency. The report includes results from over 36,000 water quality tests conducted throughout the calendar year, confirming the safety and cleanliness of the water delivered to homes and businesses. These tests monitored a broad range of potential contaminants and helped ensure the ongoing reliability of JCSD's water supply.

“Providing safe, high-quality drinking water is one of our most important responsibilities,” said JCSD Board President Betty Folsom. “This report reflects the dedication of our staff and the strength of our infrastructure in protecting public health and ensuring our community’s confidence in the water they use every day.”

The CCR provides customers with a comprehensive overview of JCSD’s water sources, treatment methods, and the steps taken to ensure compliance with health regulations. It also includes important updates on water infrastructure projects and conservation programs.

JCSD customers will receive a copy of the 2024 report. It is also available online at www.JCSD.us/WaterQuality, where readers can access digital copies of the report in English, Spanish, and Mandarin.

Founded in 1956, the Jurupa Community Services District is a public agency providing services and programs to Jurupa Valley and Eastvale. It is governed by a Board of Directors comprised of five elected representatives from both cities. Serving over 140,000 people in a 40-square-mile area, JCSD provides a variety of community services and programs, including water, sewer, streetlights, frontage landscape maintenance, graffiti abatement, and parks and recreation services.
