The Distinguished Budget Presentation Award is among the highest forms of recognition in governmental budgeting where recipients must satisfy nationally recognized guidelines for effective budget presentation. To earn the award, budget documents are evaluated using a comprehensive, point-based scoring system that measures how effectively they serve as a policy document, financial plan, operations guide, and communication tool.

“This prestigious honor illustrates JCSD’s continued dedication to fiscal responsibility,” said JCSD Board President Anthony Herda. “Earning this distinction reflects the District’s broader commitment to accountable governance of resources to build trust and provide outstanding service to the community.”

The GFOA is an international professional association representing public finance officials throughout the United States and Canada. Founded in 1906, the association’s mission is to advance excellence in public finance.

Founded in 1956, the Jurupa Community Services District is a public agency providing services and programs to Jurupa Valley and Eastvale. It is governed by a Board of Directors comprised of five elected representatives from both cities. Serving over 135,000 people in a 40-square-mile area, JCSD provides a variety of community services and programs, including water, sewer, streetlights, frontage landscape maintenance, graffiti abatement, and parks and recreation services.
